NO INDICTMENT.

Grand Jury Takes No Action in Hackett Case.

Augusta, Me., May 3.—The grand jury of the superior court, after examining twelve persons in its investigation of the murder of Miss Mattie Hackett at Readfield last August, failed to find an indictment against any person. The jury reported at 11 a. m. yesterday. Miss Hackett was strangled to death about 8 o'clock at night within a few rods of her home by some unknown person, who tied a piece of cord tightly about her neck. Her cry for help was heard by her father, Levi Hackett, but a number of minutes elapsed before he found the body, during which time the assailant escaped.

In the darkness he failed to notice the cord and did not ascertain the cause of her condition until her life had become extinct. Several tramps were suspected and detained for a time, but there was no evidence to hold them. The case attracted much attention at the time and much interest has been felt in the grand jury's investigation.

Eleven indictments, the smallest number ever returned, were reported. Those made public were for minor offenses.

IS IT MUENTER?

Man of This Name Was at Dover, N. H.

Dover, N. H., May 3.—A man answering the description of Erich Muentzer, wanted in Cambridge, Mass., in connection with the death of his wife, walked into the American House yesterday afternoon and registered under that name. He left the hotel almost immediately, without waiting to be assigned to a room. The police were notified, and Marshall McKee ordered his officers to

CHIC STYLES.

Charming Thin Materials For Dainty Summer Frocks.

There are any quantities of charming materials for this summer gown, including dimities in dainty little stripes and floral designs. Tiny pin dots are another popular fancy.

A delightful goblin blue linen frock has its full skirt inset with a four inch band of Irish lace. An all over design in this name lovely lace makes the short, straight jacket, bound and strapped with blue linen. The jacket is worn with an exquisitely fine lingerie waist of tucked handkerchief linen absolutely devoid of trimming other than

ORDER OUT 600 FAMILIES.

Great Shake-up in the New York Tenement District.

New York, May 3.—Within sixteen blocks on the east side above Twenty-sixth street and east of Second avenue 400 families will have to seek new homes within the next few days. On the lower east side 400 more have received dispossession notices. The Tenement House Department has been active in enforcing its demands, and the landlords find it impossible to comply with its requests as long as their houses are tenanted. Improved sanitation has to be installed, painting has to be done, and general attention has been called to the need of general cleaning and repairs. As a consequence of the upheaval, rents in the locality are going up. They have already increased in the last few years \$2 or \$3 a month, and now the increase demand will cause another rise. A few have moved already, but the rest are likely to take their full time of grace. They have not yet found new homes and they wait philosophically until they absolutely must move. As it was Tuesday every man was taken up by the people who were moving in the ordinary course of May Day and it would have been impossible for them to get transportation, even if they had known whether they desired it.

BLACK AND WHITE WOOLEN SUIT.

This self-adornment. A blouse of this description shows the design in the lace jacket to perfection.

A number of the simplest and prettiest of the summer gowns are tucked. The skirt, for instance, will have a deep ruffle tucked at the bottom and joined to the skirt under three or four deep tucks. The beige bodice will be vertically tucked and also the puffed elbow sleeves.

Trimming this spring and summer will be flat, a particularly effective adornment for afternoon gowns being brasses net with rings of velvet as large as a quarter.

Avoid fussy sleeves in your tailor made frock. They may be becoming, but are decidedly out of place on a dress of this kind.

White lace gowns have the pattern of the flowers on the lace outlined with colored embroidery silk or narrow ribbons in palest shades.

The spring gown illustrated is of black and white checked woolen. The skirt is in three fitted flounces, each one trimmed with scrolls of black velvet. The bolero jacket, which is a smart little wrap with shoulder capes, is ornamented with the velvet scrolls.

JUDIC CHOLLET.

Lame Monarchs. Agostino of Sparta was known in his time as "the Lame," on account of a slight physical deformity. For the same cause Albert II. of Austria, Charles II. of Naples and Heinrich II. of Germany received a similar designation.

Straw Paper.

The first straw paper made in this country was manufactured in 1828.

A Hindustani Hero.

The "era of Salivahana Sakra" began A. D. 78. He was a famous ruler of the Deccan and a liberal patron of the arts, sciences and literature. Throughout the south of Hindustan this era is very generally employed.

The Man With a Scowl

on his face this time of year is frequently a man with a heavy cough or cold. Hale's Honey of Horehound and Tar cures these ills quickly. Sold by all druggists.

Pike's Toothache Drops Cure in One Minute.

PREMIER WITTE FINALLY OUT

His Resignation Has Been Accepted By Czar

GOREMYKIN SUCCESSOR

The Latter Was Formerly the Minister of the Interior and Was Prominent in Land Movement.

St. Petersburg, May 3.—The official announcement that Premier Witte's resignation had been accepted, coupled with the statement that former Minister of the Interior Goremykin would succeed him, was made yesterday.

In view of the publications of the last few days the former statement did not come as a surprise, but M. Goremykin's elevation to the premiership created amazement. He is not only regarded as a reactionary, but the general opinion is that he is not equal to the task of facing the coming crisis.

Count Witte's retirement from public life is complete. There is now no question of his appointment to be president of the council of the empire. The successor of Count Witte, Privy Councillor Goremykin, was minister of the interior from 1895 to 1899, and has taken a prominent part in Russian political life, especially during the revolutionary period of the last few years. The administration of Goremykin as minister of the interior was not marked in any way by the harshness which had been so prevalent during the administration of several of his predecessors.

RUSSIAN PARTIES MEET.

Various Organizations Making Plans for Demands in Parliament.

St. Petersburg, May 3.—Practically all the political parties have planned to hold conventions between now and May 10, the date of the assembling of parliament, for the purpose of elaborating their political programmes for the future.

The most important of these meetings is that of the Constitutional Democrats, which will begin May 5. Two other organizations, the Social Democrats and the Jewish Bund, several delegates were arrested on their way here. The ostensible object of the meeting is the unification of the organizations, but the real purpose is to perfect plans for a general uprising.

The Jewish convention assembles next Sunday to formulate parliamentary tactics and demands. The Social Democrats' convention began yesterday, with 122 delegates present, including not only Russians but representatives of the Polish Social Democrats and Jewish Bund. Several delegates were arrested on their way here. The ostensible object of the meeting is the unification of the organizations, but the real purpose is to perfect plans for a general uprising.

TOSSED ABOUT.

Men Dance to the Liberated Electricity in Streets.

New York, May 3.—Everybody with two locks of Tuesday night street and first avenue Tuesday night and an experience that suggested an earthquake and incidentally saw one of the finest electrical fountains seen here in many days. A manhole cover was blown up.

A policeman was near the manhole when a great volume of gas exploded, and he was thrown to the ground. Three other policemen were shaken nearly off their feet, and three young women were jammed against a building. Firemen turned two streams into the conduit, which was converted into a spurting electric fountain. As the water soaked the pavement blocks, men jumped into the air, and a crowd of men came toward them. The police finally drove the crowd back a block each way.

The manhole cover had smashed up against the elevated railroad structure and was shattered into fragments. Experts said an electric spark had ignited the gas.

20,000 OUT ON LAKE STRIKE.

Workers from Buffalo to Chicago Respond to Union's Call.

Detroit, Mich., May 3.—Although the presidents of the two powerful organizations that have locked horns in a labor dispute involving traffic on the Great Lakes both live in Detroit, little can be learned here as to the real extent of the strike. President William Liveston of the Lake Carriers' Association has talked quite freely and has given out the substance of several telegrams regarding the progress of the strike, but Daniel Keefe, president of the Dockers' association, maintains a persistent silence.

Reports from many lake ports indicate that there has been an almost unanimous response from Buffalo to Chicago among the local unions to President Keefe's strike order. It is impossible, however, to get from the silent officials of the union here even an estimate of the number of men out, but unofficial estimates set the figure at 20,000.

AMERICANS' BIG SCORE.

Official List at Athens Gives Them Eleven Firsts and Six Seconds.

Athens, Greece, May 3.—The Olympic games committee published yesterday afternoon, prior to the presentation of the prizes, a full list of the winners. The Americans took eleven firsts, six seconds and five thirds, out of twenty-nine events, in many of which, however, the Americans did not compete.

In the 3,200-meter walk, Stanislaus Muller, Germany, was second, and Serdakis, Greece, was third. Wilkinson, England, was again disqualified for running.

KELLEY GETS IT.

Is Appointed Superintendent of New York Insurance.

Albany, N. Y., May 3.—Otto Kelley of Geneva, formerly comptroller of the state of New York, yesterday was appointed by Gov. Higgins superintendent of insurance in place of Francis Hendricks, term expired. The nomination was confirmed in the Senate without opposition.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years has been under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot tell all, without trying it, "I do not believe it will help me."

THE POWER OF THE PIE EATER.

Mr. Perkins Pays Tribute to Those Who Eat Pie and Doughnuts.

Washington, May 3.—Representative Foster of Vermont, chairman of the committee of the whole House during the consideration of the agricultural appropriation bill, yesterday afternoon sustained a point of order made by Representative Perkins of New York against the appropriation of \$20,000 for experiments looking to the determination of the nutritive value and digestibility of various foods. Mr. Perkins' point was that the appropriation was new legislation, and in an opinion of some length, Mr. Foster agreed with him. It was under similar appropriations in previous bills that Dr. Wiley, chief of the bureau of chemistry, department of agriculture, conducted his famous "poison squad" experiments, in which a party of young men were fed alternately pure and deleterious foods and the effects carefully observed.

During the discussion of Mr. Perkins' point of order, Mr. Mann of Illinois, who favored the retention of the appropriation, said that as a result of pure food experiments the people of New England and the "pie belt" generally, who consume a large quantity of things as pie and doughnuts for breakfast, now ate nutritious and wholesome foods. Mr. Perkins "burled back" the aspersions of Mr. Mann on pie eaters. "The foundations of this country's wealth and greatness were laid by people who consumed pie and doughnuts for breakfast, dinner and supper," he declared.

RATE FIGHT NEARS END.

Administration Senators Declare They Have Beaten Aldrich Forces.

Washington, May 3.—Railroad rate developments in the Senate are now moving rapidly to a conclusion. That element of the Republicans led by Senators Allison and Cullom, who are heading the administration rate fight, declares confidently that it has Senator Aldrich and the friends of the broad court review beaten.

Aldrich has proposed to the radicals a compromise court review amendment that shall simply affirm the right of the carrier to have a decision of the interstate commerce commission reviewed by the court. This has been refused, and administration senators have replied that they will carry their programme through without aid from Aldrich.

HYDE LOSES DINNER SUIT.

Woman Wins Action to Recover for Sums Expended.

Albany, N. Y., May 3.—The Appellate Division of the Supreme Court for the Third Department yesterday affirmed the summary judgment ordered by the Special Term against James H. Hyde in the action brought by Mary S. Young against the Equitable Life Assurance Society and those who have been directors during the last three years.

The suit originally brought by Senator Bracelet, as attorney for Mrs. Young, who was both a stockholder and a policy holder in the Equitable Life Assurance Society, for the restoration of the money spent on the Cambon dinner and masked ball given by Mr. Hyde, and other ways. By agreement, Mr. Hyde's demurrer was chosen for trial.

On Jan. 25, 1906, Justice Henry T. Killegh of the Supreme Court handed down a decision overruling the demurrer interposed by Mr. Hyde.

Just touch your finger

to SPIM Ointment-Cream and rub it on any skin irritation that you may have and it will quickly disappear. If you have a cold-sore on your lip put on just a little at night and it will be entirely healed by morning. If your tastes are refined,

SPIM SOAP

will please you better than any soap you ever used. It is absolutely the purest soap made—has a delightful, rich creamy lather and is most refreshing and invigorating.
